**Exemplary Chart for U.S. Patent No. 11,744,256¹ for Defendant No. 1 – Bashu Store Corp., Seller ID A1ZTCB7Z1RNE4K
ASIN B0BKLSYJV4**

The primary elements of claim 1 (copied fully below in the left column of the chart) are:

Fuel Chamber Portion

Conduit Portion

Floor

Channel

Aperture extends from channel through a wall of Conduit Portion

There are no limitations in the claims for the size, shape, or orientation of the fuel chamber portion, conduit portion, wall in conduit portion, or aperture through a wall of the conduit portion, except that the conduit portion is disposed below the floor.

The following diagram is an exemplary mock-up in cross-section of the type of defendant's smoker product design, with identification of the claim elements. Claims elements are also shown in the chart below using images of Defendant's product.

¹ Plaintiff provides this exemplary claim chart for the purposes of showing one basis of infringement of one of the claims of the 11,744,256 patent by Defendant's accused products as defined in the complaint. This exemplary claim chart addresses the Accused Products broadly based on the fact that the Accused Products infringe in the same general way. Plaintiff reserves the right to amend and fully provide its infringement arguments and evidence thereof until its Preliminary and Final Infringement Contentions are later produced according to the court's scheduling order in this case.

Claim 1

A device for imparting smoked flavors to beverages and foodstuffs, comprising:

The Amazon.com sellers page lists a product for sale under ASIN B0BKLSYJV4 is a “Cocktail Smoker Kit. . .” which is a device for imparting smoked flavors to beverages and foodstuffs.

This collection of items is designed for a 'Smoking Gun' gag gift. It includes a large wooden box with a 'SMOKING GUN' logo, a metal gun, a brush, a glass of whiskey, and several engraved items like coasters and a wooden board, all featuring the 'SMOKING GUN' logo.
